

April 2014

As a media professional I work with guides frequently all around the world. To sum up in one word Ola's abilities I must say she is outstanding.

I was in Krakow and Wadowice to cover the canonisation of Pope John Paul II. Ola not only took me to every site associated with Pope John Paul, and was a fountain of knowledge of the pope, Krakow and Wadowice, she was also incredibly pleasant and professional to work with.

But it didn't stop there. Ola's knowledge of the area and culture was so vast she gave me several ideas for new stories to do for my next trip to this beautiful part of Poland.

Best,
